I'm Simon. I am proud to be representing the Greens in Broadwater this State Election.

My family has been part of the Runaway Bay community on the Gold Coast since 2001. I am **a solicitor** who has done extensive **human rights litigation and advocacy**. I have worked as **a human rights advocate** and am passionate about: lifelong **accessible education; adequate aged care**; and **equality and justice for all.**

It shouldn't matter your background - race, gender, religion or sexuality - as **everyone should be treated equally** and have **equal opportunities to live a good life.**

Right now, **so many people are struggling. House prices are through the roof, rent is out of control,** and the **cost of living** is constantly rising.

But this October, we have **a huge opportunity for positive change.**

If we want things to change, **we have to do things differently.** We need **big corporations and billionaires to pay their fair share in tax** so we can use that money to provide all the things that Queenslanders need to live a good life: **affordable housing; free childcare**; and genuinely **free public education and healthcare.**

Our communities deserve affordable and smart **public transport** options. I strongly believe in the need for **better integration** between heavy rail, light rail, and other public transport services. That's why the Greens plan to **expand the public transport system and make it free.**

We'll **make groceries cheaper** by breaking up the duopoly power of Coles and Woolies and **stopping corporate 'price gouging'** for essentials. We'll **cut power bills** with 100% publicly owned renewable energy.

We are **the only party standing up for everyday Queenslanders.**

This time, vote Greens.
